Mac & Beth

Mac Lynch

Mac and his wife, Beth, are graduates of Bob Jones University where they were actively involved in leadership positions while studying music. After their marriage in 1982, they traveled extensively with THE WILDS Evangelistic Team until 1988 when they joined the full-time music staff at the campsite. Mac is currently the music director of THE WILDS and Beth is one of the pianists on the campsite.

Having ministered in hundreds of local churches, the Lynches are sensitive to the needs of the church. This is evidenced by their work in producing and publishing many choral arrangements and recordings. Their desire is to see the lord Jesus Christ exalted through Christ-honoring music and to be a blessing and encouragement to believers in the local church.

Tim Fisher

Dr. Tim Fisher is well known for his work in several different fields of musical endeavor. After receiving both a B.A. and an M.A. degree from Bob Jones University, he taught there on the music faculty for nine years. Tim and his wife, Deborah, are members of Faith Baptist Church in Taylors, SC, where Tim serves on the pastoral staff as minister of music. Tim received an honorary doctorate from Bob Jones University in the spring of 2003.

In 1988 Tim founded Sacred Music Services, an organization dedicated to providing sacred recordings for the home. In this capacity Tim uses his abilities as both an arranger and a producer to bring together a variety of groups including a children's choir, an orchestra, a men's choir, and a brass choir. Sacred Music Services has achieved a reputation for producing traditional sacred recordings.

Tim travels to churches, conferences, Christian colleges, and high schools to discuss the issues of Scripture and music. He is author of *The Battle For Christian Music*. His second book called *Harmony At Home*, addresses musical issues as they relate to home and individual worship.

Tim brings a unique but biblical perspective to the often controversial subject of Christian music. His involvement as a teacher, a singer, an arranger, a producer of more than 200 sacred recordings, and a student of the Bible gives him the background needed to address many different areas of musical concern today.

Tim Fisher
